

The American Society of Highway Engineers (ASHE) is excited to announce our **9th Annual 4-person Scramble Golf Outing** to raise funds for the ASHE College Scholarship.

ASHE is a non-profit organization. Our mission is to provide a forum for members and partners of the highway industry to promote a safe, efficient, and sustainable highway system through education, innovation and fellowship.

It is through the participation and generosity of industry and community members that enable ASHE to obtain our goal in raising sufficient funds for these worthy students. Your participation as a sponsor, player, or prize donator is greatly appreciated in reaching our goal of annually providing this scholarship for the future of Arizona transportation which drives the economy and economic development.

2018 ASHE Scholarship

The ASHE Phoenix Sonoran Section provides scholarships to well-rounded students majoring in a transportation related field enrolled at one of Arizona four universities. The students major can be focused on transportation engineering, planning, or construction. This charity golf event is the primary fundraiser for this scholarship.

\$8,000 GOAL

Help us reach our goal of \$8,000 in scholarship funds.
